

The University Advising Survey is administered in the spring semester of the academic year to all undergraduate students registered for classes. The survey is distributed via student email in the first week of April and is left open through the end of the advising period, typically four to five weeks later. In Spring 2017, there was a total of 1,551 respondents to the survey, for a response rate of 14%.

Overall, student feedback was positive with 88% of respondents being satisfied or very satisfied with their advising experience.
